## “THE TWELFTH”: ALL ABOUT THE BENJAMINS

This one’s gonna be short and sweet. What the Global Elite orchestrated in this instance is so good that it simply doesn’t require a lot of commentary from yours truly.

They’ve pulled similar shenanigans in the past that I’ve also written about. Chapter 33 of my second book, *Most Dangerous: A True Story*, entitled “Happy Birthday, Mr. President”, comes to mind: a crashed commercial airliner, derailed train petroleum tanker cars—fire, destruction, death. All in one day, all in good fun.

### MEME WARFARE

Donald Trump. Orange Man. Orange Man Bad.

Funny? Sorta. But you’ll get the inside joke shortly.

### THE TWELFTH

The Orange Order is an international Masonic-style fraternity founded in 1795, named as a tribute to Protestant king William of Orange, who defeated the army of Catholic king James II in the late 1600s.

Members are known as “Orangemen” and the order is most widely known for its annual marches, the largest of which is held each year on (or around, if the date is on a Sunday) July 12<sup>th</sup>, “The Twelfth”, and marks the anniversary of King William’s victory over King James at the Battle of the Boyne in 1690.

The order is headed by the Grand Orange Lodge of Ireland, but has lodges in England, the U.S. and elsewhere, including Scotland. Incidentally, it was recently reported in the media that, due to COVID19, the Grand Orange Lodge of Scotland planned to hold a “virtual 12<sup>th</sup>” this year.

## KING OF THE MEMES

The evening of Sunday, July 12<sup>th</sup>, 2020, brought the sad news that 27-year-old Benjamin Keough, the grandson of Elvis Presley, had died, apparently by his own hand.

Keough became the latest inductee of the 27 Club, joining the ranks of other musicians, artists and actors—including bluesman Robert Johnson, Jimi Hendrix, Jim Morrison, Janis Joplin and Kurt Cobain—who died at age 27, often as a result of substance abuse or violence.

Keough reportedly died from a self-inflicted gunshot wound in Calabasas, California, the *exact* same location where Kobe “I Can’t Breathe” Bryant’s helicopter crashed in January of this year, killing all aboard. Benjamin’s sister, Riley, starred in the 2019 psychological horror film, *The Lodge*.

(Right) *The Lodge*, as in Masonic lodge or Orange lodge.

As I also detail in *Most Dangerous*, one of the Global Elite’s favorite celebrities for meme-making and dark-humored ritualistic purposes is, naturally, the King of Rock’n’Roll, who was born in Tupelo, Mississippi, not far from my office, and who was a walking meme before memes even existed.

## O.G. BENJAMIN

Also on Sunday, July 12<sup>th</sup>, about 160 miles south of Calabasas down the California coastline at Naval Base San Diego, firefighters battled a blaze that resulted from an explosion aboard the USS *Bonhomme Richard*, an amphibious assault ship.

(Left) John Paul Jones.

The vessel was named after Revolutionary War naval commander John Paul Jones' famous frigate, which he had renamed in honor of the U.S. Ambassador to France at the time, Benjamin Franklin. Franklin's popular *Poor Richard's Almanack* was published in France under the title *Les Maximes du Bonhomme Richard*.

(Right) Sir Francis Dashwood, Founder of the Hellfire Club.

In addition to being one of the authors and signers of the Declaration of Independence, and earning the title of “The First American”, Benjamin Franklin, a distant relative of mine, is also well known as one of America's premiere Freemasons, having published the first Masonic book in the Americas, a reprint of James Anderson's *Constitutions of the Free-Masons*. Franklin also attended meetings of the infamous Hellfire Club during his time in England.

## POSTSCRIPT:

Scientologist John Travolta’s wife, actress Kelly Preston, also passed away—reportedly due to long-term illness—on The Twelfth, but I’m sure that’s just coincidence.

Then again...
